

## ***Another boating season is just around the corner.***

Since 1992 we have been one of the **Northeast's leading Repower Centers, repowering over 250 boats!** During our 24 years in the Marine Repower business, the #1 cause of engine failure occurs during the winter. Yes, after replacing well over 300 engines we found more than 75% were replaced due to improper winterization. Most spring repairs are the direct result of failure to inspect conditions on your boat & trailer BEFORE you stored for the winter.

**\*\*\*EVERY BOAT BROUGHT IN FOR SERVICE IS PROVIDED AN ENGINE, DRIVE, HULL & TRAILER REPORT WITH ESTIMATE OF REPAIRS\*\*\***

We offer an **AFFORDABLE** summarization plan that will get you on the water in spring safe & ready to enjoy another great boating season.

## **HUGE Consignment store now open!**

If you looking for used parts to get your boat going this spring...we have ton's of them here at our location. We part out 20-25 boats a year. Engines, drives, trailers, windshields, swim platforms, teak, seats, hardware, lights, covers, radios, life jackets, trim pumps,& more!

PLEASE do not forget your trailer! Now is the time to check out your trailer BEFORE you haul your boat. We repair all makes & models, drum/disc brakes, rewire lights, springs, tires, guide poles, rollers, jack wheels & replace bunks/carpet. We also have many good used clean trailers coming in this spring.

We also sell NEW trailers. Ask us for a quote.

## **Affordable Marine 2017 Summarize program!**

### **IMPORTANT MESSAGE:**

Get your boat ready early before the summer rush!

Here's how it works: Bring us your boat...That's it!

*TIP: If you have any concerns about the way your boat has been running or handling, now is the time to discuss an estimate on repairs before you launch. Some repairs, if left unattended over the winter will cause more damage and cost to you in the Spring!*

1. Inspection of your trailer.....(Tires, brakes, bearings, lights, winch, safety chains, bunks/rollers)
2. Inspection of entire boat.....(Fluids, steering, tilt/trim, gauges, shift, battery, lights)
3. Inspection of Sterndrive & prop.....(Fluids, pressure test, gimbal bearing, shift, shaft seals)
4. Inspection of Safety Equipment.....(Flares, jackets, horn, lines..etc)
5. **FULL Inspection with complete estimate....\$ 149**

### **Here is our SPRING service guide**
